

# Product Change Notice

**Date:** November 2011

**Product Line:** Lima 15" Baseboard Diffusers

**Models:** 470 15"

**Effective Date:** Immediately - Running Change

## Description of Change:

Dear Authorized Lima Distributor:

Lima has begun moving the production of the Model 470 15" Baseboard diffusers from China to our manufacturing plant in Mexico to allow us more flexibility to respond faster to changing markets conditions.

### Model 470 15" Baseboard Changes:

As illustrated in the photos, the change affects only the face design. The material has not changed and the performance is not affected. However, the new diffuser has a metal handle versus one with a plastic cap.

<u>Part #</u>	<u>Description</u>
006520	470 15" WHT (White)
007966	470 15" BRN (Brown)

Cartons of Mexico-produced diffusers will be clearly marked as such to allow you to segregate and better control inventory.

This will be handled as a running change beginning immediately. Part numbers will stay the same.

Please contact customer service or your sales representative with any questions.
