

SERIES EX-9

AIR EXTRACTOR and VOLUME CONTROL

STANDARD INDUSTRY TOLERANCES APPLY. SPECIFICATIONS SUBJECT TO CHANGE WITHOUT NOTICE.

Series EX-9 Extractors are constructed with curved blades that move from full open to full closed positions. This eliminates the changing of pressure as air passes through the blades minimizing friction loss and providing even air distribution over entire grille face. Choice of 2 different operators. Length of operator can be made to fit your exact requirements. Steel construction. Standard finish is white.
